The Alto features:

- Improved screen extrusion for better bracket fixings
- An improved bolt through fixing method for extra stability
- Improved fixing components for additional uses and extra support

Now with 4 different heights available, the 30mm slimline screen with square profile, powder coat frame, a full fabric pinnable surface and adjustable levelling feet can be used in more ways than ever.

Create runs of back to back pods, mix and match heights, colours and sizes. Use joining poles where screens meet at 90 or 180 degrees.
